- REDEMPTION
- CORPORATE_SERVICES
- FX_ADJUSTMENT
- INSURANCE
- ADMINISTRATION_FEE
- OTHER

Additional validation rules

- `reference` must be unique within an import.
- Dates must be valid ISO dates after normalization.
- `gross_amount` must be numeric and non-zero.
- `fee_amount` and `tax_amount` must be numeric and cannot be negative.
- `net_amount` must equal `gross_amount + tax_amount - fee_amount`, with a tolerance of 0.01.
- `currency` must be EUR, USD, GBP or CHF.
- `country` must be a two-letter ISO code.
- `category` must be from the supported list.
- `counterparty_name` is required.
- PDF records with low confidence or missing required fields must have status `NEEDS_REVIEW`.
